
M5884: NABA CORE MATRISOME
hsa04512: ECM-receptor interaction
R-HSA-3781865: Diseases of glycosylation
GO:0001944: vasculature development
R-HSA-3000171: Non-integrin membrane-ECM interactions
GO:0040007: growth
GO:0042327: positive regulation of phosphorylation
GO:0030198: extracellular matrix organization
GO:0001822: kidney development
GO:0030335: positive regulation of cell migration
R-HSA-3560782: Diseases associated with glycosaminoglycan metabolism
GO:0001667: ameboidal-type cell migration
GO:0001501: skeletal system development
GO:0003013: circulatory system process
R-HSA-3000157: Laminin interactions
R-HSA-76002: Platelet activation, signaling and aggregation
GO:0060322: head development
GO:0003205: cardiac chamber development
GO:0000902: cell morphogenesis
WP4917: Proximal tubule transport
