WP5333: Enterocyte cholesterol metabolism
WP430: Statin inhibition of cholesterol production
GO:0071314: cellular response to cocaine
hsa00100: Steroid biosynthesis
GO:0007268: chemical synaptic transmission
R-HSA-382551: Transport of small molecules
GO:0034764: positive regulation of transmembrane transport
hsa05133: Pertussis
hsa04024: cAMP signaling pathway
GO:0072657: protein localization to membrane
R-HSA-112315: Transmission across Chemical Synapses
GO:0080135: regulation of cellular response to stress
