ZT12 Tg−ALF vs Tg−TRF
activated
suppressed
Viral myocarditis − Mus musculus (house mouse)
Cell adhesion molecules − Mus musculus (house mouse)
Rheumatoid arthritis − Mus musculus (house mouse)
Epstein−Barr virus infection − Mus musculus (house mouse)
Arachidonic acid metabolism − Mus musculus (house mouse)
Leukocyte transendothelial migration − Mus musculus (house mouse)
C−type lectin receptor signaling pathway − Mus musculus (house mouse)
